

blaze::ARenderer

```
graph BT; FwdRenderer[blaze::FwdRenderer] --> ARenderer[blaze::ARenderer];
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a box labeled 'blaze::FwdRenderer' with a light gray fill. A blue arrow points vertically upwards from the center of this box to the center of a box above it labeled 'blaze::ARenderer', which has a white fill. Both boxes have a black border.
